### 3. PROCEDURE

In accordance with the Customer Service Standards, this policy addresses the following:

- A. [The Provision of Goods and Services to Persons with Disabilities;](#)
- B. [The Use of Assistive Devices](#)
- C. [The Use of Guide Dogs, Service Animals and Service Dogs](#)
- D. [The Use of Support Persons](#)
- E. [Notice of Service Disruptions](#)
- F. [Customer Feedback](#)
- G. [Training](#)
- H. [Notice of Availability and Format of Required Documents](#)

#### A. The Provision of Goods and Services to Persons with Disabilities

GVA Lighting will make every reasonable effort to ensure that its policies, practices and procedures are consistent with the principles of dignity, independence, integration and equal opportunity by:

- Ensuring that all customers receive the same value and quality;
- Allowing customers with disabilities to do things in their own ways, at their own pace when accessing goods and services as long as this does not present a safety risk;
- Using alternative methods when possible to ensure that customers with disabilities have access to the same services, in the same place and in a similar manner;
- Taking into account individual needs when providing goods and services; and
- Communicating in a manner that takes into account the customer's disability.

#### B. The Use of Assistive Devices

##### Customer's Own Assistive Device(s)

Persons with disabilities may use their own assistive devices as required when accessing goods or services provided by GVA Lighting.

In cases where the assistive device presents a safety concern or where accessibility might be an issue, other reasonable measures will be used to ensure the access of goods and services. For example, open flames and oxygen tanks cannot be near one another. Therefore, the accommodation of a customer with an oxygen tank may involve ensuring the customer is in a location that would be considered safe for both the customer and business. Or, where elevators are not present and where an individual requires assistive devices for the purposes of mobility, service will be provided in a location that meets the needs of the customer.

#### C. Guide Dogs, Service Animals and Service Dogs

A customer with a disability that is accompanied by guide dog, service animal or service dog will be allowed access to premises that are open to the public unless otherwise excluded by law. "No pet" policies do not apply to guide dogs, service animals and/or service dogs.

**Food Service Areas**

A customer with a disability that is accompanied by guide dog or service dog will be allowed access to food service areas that are open to the public unless otherwise excluded by law.

Other types of service animals are not permitted into food service areas due to the *Health Protection and Promotion Act, Ontario Regulation 562 Section 60*.

**Exclusion Guidelines**

If a guide dog, service animal or service dog is excluded by law (see applicable laws below) GVA Lighting will offer alternative methods to enable the person with a disability to access goods and services, when possible (for example, securing the animal in a safe location and offering the guidance of an employee).

**Applicable Laws**

*Food Safety and Quality Act 2001, Ontario Regulation 31/05:* Animals not intended for slaughter or to be euthanized are not allowed in any area or room of a meat plant. It also makes an exception for service dogs to allow them in those areas of a meat plant where food is served, sold or offered for sale to customers and in those areas that do not contain animals or animal parts and are not used for the receiving, processing, packaging, labelling, shipping, handling or storing of animals or parts of animals.

The *Health Protection and Promotion Act, Ontario Regulation 562 Section 60*, normally does not allow animals in places where food is manufactured, prepared, processed, handled, served, displayed, stored, sold or offered for sale. It does allow guide dogs and service dogs to go into places where food is served, sold or offered for sale. However, other types of service animals are not included in this exception.

*Dog Owners' Liability Act, Ontario:* If there is a conflict between a provision of this Act or of a regulation under this or any other Act relating to banned breeds (such as pitbulls) and a provision of a by-law passed by a municipality relating to these breeds, the provision that is more restrictive in relation to controls or bans on these breeds prevails.

**Recognizing a Guide Dog, Service Dog and/or Service Animal:**

If it is not readily apparent that the animal is being used by the customer for reasons relating to his or her disability, GVA Lighting may request verification from the customer.

**Care and Control of the Animal:**

The customer who is accompanied by a guide dog, service dog and/or service animal is responsible for maintaining care and control of the animal at all time.

**Allergies**

If a health and safety concern presents itself for example in the form of a severe allergy to the animal, GVA Lighting will make all reasonable efforts to meet the needs of all individuals.

**D. The Use of Support Persons**

If a customer with a disability is accompanied by a support person, GVA Lighting will ensure that both persons are allowed to enter the premises together and that the customer is not prevented from having access to the support person.

There may be times where seating and availability prevent the customer and support person from sitting beside each other. In these situations GVA Lighting will make every reasonable attempt to resolve the issue.

In situations where confidential information might be discussed, consent will be obtained from the customer, prior to any conversation where confidential information might be discussed.
